

doing his buttons up
wringing out his flannel
opening a packet

checking his watch
opening the door
peeling a banana,

clipping his curtains
tied a knot

putting out a fire
fastening his seat belt
standing between his toes

washing his face
tightening his collar

getting a drink
putting into the breadbin
putting his hand
up his coat
going to fire engines

giving him a train
brushing his fingernails
helping him better

giving him when he's tired
brushing his hair
putting up his food

giving his clothes
giving him a straw
taking off his boots

putting him on his bicycle
putting up to school
